

QUICK START GUIDE

WELCOME TO WYZE

Thanks for getting your hands on the Wyze Leak Detectors. If this is your first Wyze product, welcome to the Wyze family! Small, and flexible, our Wyze Leak Detectors was designed with a modern home in mind. Place anywhere to help ensure that your house is protected against unwanted leaks. Included in the bundle is one leak probe to help reach places that our leak detector itself cannot fit. Best of all, our leak detector is smart enough to be able to tell whether the leak detector itself, or the body detects the leak, making sure that you have as much flexibility as possible.

IN THE BOX

Wyze Leak Detector × 3 (with batteries)
Wyze Leak Probe × 1
Quick Start Guide × 1

INSTALLATION AND SETUP

➤ Download the Wyze app and sign in or create an account.

➤ Open the Wyze app and tap the plus sign on the top left corner of the Home screen. Tap "Add Device", Sensors, and then "Leak Sensor". Follow the instructions in the Wyze app to finish installation and setup.

Note: Leak detectors will need a Wyze Hub in order for it to pair.

STATUS LIGHT

There's ONE small LED located inside the sensor itself.

When holding the reset button, it will light up to show that it's in pairing mode to pair with the Hub.

RESETTING THE DEVICE

Pressing and holding the switch for 20 seconds or more will reset the switch to factory settings. Upon releasing the switch, the indicator light will begin blinking fast indicating that the switch has now been reset and needs to be setup.

ISED C RSS WARNING:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance of 20 cm between the radiator and your body.

SPECIFICATIONS

Model: WYZESLS31
Color: White
Finish: Matte
Dimensions (H x W x D): 1.9"x1.9"x0.9"
Battery: CR2450 Battery
Battery Life: 1.5 years based on normal usage
Mounting Method: Ground
Communication Method: 915MHz RF
Range: 500ft
Operation Temperature: 32°F–104°F
(0°C–40°C)
Operation Humidity: ≤ 85% at 86°F (30°C)
Weather Resistance: Indoor Use Only

FCC RADIATION EXPOSURE STATEMENT:

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference.
- (2) This device must accept any interference received, including interference that may cause undesired operation.

Note: The grantee is not responsible for any changes or modifications not expressly approved by the party responsible for compliance. Such

modifications could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

ISED C RSS WARNING:

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications or change to this equipment. Such modifications or change could void the user's authority to operate the equipment.

This radio transmitter (identify the device by certification number or model number if Category II) has been approved by Industry Canada to operate with the antenna types listed below with the maximum permissible gain indicated. Antenna types not included in this list, having a gain greater than the maximum gain indicated for that type, are strictly prohibited for use with this device.

Cet appareil est conforme à la aux normes RSS de l'Industrie du Canada. Son fonctionnement est soumis aux deux conditions suivantes: (1) cet appareil ne doit pas causer des interférences nuisibles, et (2)

cet appareil doit accepter toute interférence reçue, y compris les interférences qui peuvent provoquer un fonctionnement indésirable.

Le fabricant n'est pas responsable des toutes interférences radio ou télévision causées par des modifications non autorisées apportées à cet appareil. De telles modifications peuvent empêcher l'utilisateur d'utiliser l'appareil.

Le présent émetteur radio (identifier le dispositif par son numéro de certification ou son numéro de modèle s'il fait partie du matériel de catégorie II) a été approuvé par Industrie Canada pour fonctionner avec les types d'antenne énumérés ci-dessous et ayant un gain admissible maximal. Les types d'antenne non inclus dans cette liste, et dont le gain est supérieur au gain maximal indiqué, sont strictement interdits pour l'exploitation de l'émetteur.
